Roamers Caterers
YOUR DAY... OUR PASSION

Our buffets are designed with our customers in mind. What this means is sometimes not everyone attending an event will want a full finger buffet whereas on other occasions everyone will. It's not a straightforward decision but we have years of knowledge of what works for different types of event, so that you pay for the buffet you want rather than having too much food left over and wasting the food and your money.

Call us to see how our experienced events management team can help you decide how we can provide the right amount of food and variety to suit your event and your guests.

Our message to you

We have deliberately avoided too many words in our brochure. We feel the pictures demonstrate what we offer far more elegantly than words. Our aim is to deliver the most memorable experiences, for you and your guests, by providing only the best quality food and service for your important event.

Our customers' words

I was let down by my caterers at the last minute, so I got in touch with Joey and his team to supply all the food and staff and he pulled it off. Roamers Caterers come up with some great ideas and the whole night went smoothly. I don't normally recommend companies but I will definitely be using Roamers again.

I booked Roamers for a birthday party. The food was excellent a good variety of sandwiches and wraps. Catered for two children who had serious egg allergies. Joey was always quick to respond to any queries either by phone or email. To top it off I got a lovely surprise bunch of flowers from Roamers for my birthday. Thank you Joey and the team!
